

Environmental Policy

Artillery is an architectural and interior design practice located in London, Melbourne and Dubai. We are an environmentally conscientious organisation, committed to a sustainable approach in the design, construction and management of all our projects. Our operations and activities are managed in an energy and resource efficient manner and seek to minimise waste and pollution wherever possible.

We are passionate about minimising our industry's impact on the environment.

Our environmental policy addresses the following:

- Continual improvement in our environmental performance and pollution prevention
- Contribution to the economic, environmental and social sustainability in the short and long term
- Compliance with all relevant legislation and regulations
- Leading by example

Improvements in our environmental performance will be achieved: Through Our Projects

- Commitment to responsible design, procurement, construction management, building operation and management
- Promoting environmental assessment methodology for project design
- Researching and documenting product environmental credentials for designer reference
- Environmentally vetting contractors, sub-contractors and suppliers
- Implementing the Considerate Constructors Scheme
- Following the City of London's Clean City principle – Re-use, Reduce, Recycle for projects and in the office including finding alternative uses for furniture and IT equipment

Through Our Office

- Maintaining our ISO14001 Environmental Management System
- Using an extranet system to minimise paper wastage
- Following a rigorous waste minimisation and recycling policy
- Ongoing staff education and involvement in carbon reduction initiatives
- Carbon off-setting with the World Land Trust where it cannot be mitigated
- Promoting low water and energy usage and minimising pollution and toxic chemicals

Accreditations

- Qualified and Licensed BRE Environmental Assessors (BREEAM) for Offices, ECOHomes and Bespoke Buildings. Artillery offices achieved BREEAM for Offices 'Very Good' Rating
- Member of AECB (Association for Environmentally Conscious Building)
- Accredited Ska Rating Assessor (RICS Fit Out environmental assessment method)
- Qualified EPC (Energy Performance Certificates) Assessor
